

ResoluteMax 84 Gloss ResoluteMax 86 Matte

(formerly AbiBowMax)

ResoluteMax: Well suited for enhancing the look of any printed communication with its high brightness. This #3 coated sheet is suitable for higher-end printing applications such as magazines, catalogs, annual reports or virtually any printed piece that needs optimal visual impact. It's a more economical alternative to coated freesheet. Heavier weights are perfect for cover stock. Matte finish is also available for a uniquely upscale look and feel at an even higher brightness.

ResoluteMax 84 Gloss
